A LITTLE BIT ABOUT US

With over 600 verified five star reviews across Checkatrade, Universal Painters has grown into one of the most trusted names across London, Middlesex, Buckinghamshire, Hertfordshire and the Home Counties. Our reputation has been built on reliability, quality workmanship, and long term solutions that improve homes, buildings and commercial properties.

In 2026 we have expanded our services, strengthened our specialist divisions, and introduced a brand new booking platform that allows fast, direct appointment scheduling for:

- Damp Surveys
- Full Damp Reports and Quotations

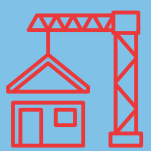

This new platform offers instant booking confirmation, automated reminders, and a streamlined end to end customer experience.

SERVICES WE PROVIDE

As a leading provider of interior and exterior painting, rendering and damp solutions, Universal Damp continues to deliver workmanship that focuses on durability, precision and long lasting results.

Our aim is simple: improve the performance and appearance of every property we work on.

INTERIOR PAINTING

Our high-quality finishes breathe new life into spaces.

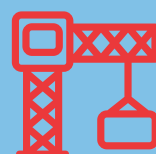

PLASTERING

Creates seamless finishes for a polished look.

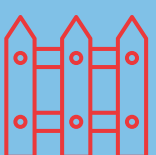

EXTERIOR PAINTING

Flexible, long lasting resin based coatings protecting damaged walls.

DAMP AND MOULD CONTROL

Protect properties from the damaging effects of damp and mould.

RENDERING

Silicone, mineral and traditional render systems with a focus on durability, breathability.

WALL INSULATION

Improved thermal performance, energy saving solutions and specialist insulation upgrades.

THERMAL ENERGY SAVING OPTIONS

Interior graphite paint

This specialised paint contains microscopic graphene particles that enhance its thermal conductivity properties, helping to regulate indoor temperatures and reduce energy consumption

Spray cork coatings

Spray cork coatings are cutting-edge and eco-friendly solutions used to protect and insulate various surfaces. They offer excellent thermal and acoustic insulation properties, weather resistance, and durability.

Exterior Thermal paints

Exterior thermal textured resin paints are advanced coatings designed to enhance a building's energy efficiency and weather resistance.

Intumescent paints

When exposed to high temperatures, these paints expand and form a thick, insulating layer, effectively delaying the spread of fire.
